ABSTRACT

The low nationalism in young generations can just happen because of various factors. They No longer live and experience the consequences of colonialism and poverty. They will not again experience treatment discrimination from other nations. Apart from that, the Globalization Trend is making the world a big village, and we can just grow indifference to nationalism as an Indonesian nation. The amount of corruption and examples that are not Good from leaders naturally also affects attitudes toward nationalism among young people. Method which is used in implementation activity This is method Watch Together (Nobar) together with public target (children, teenagers, and children ages early) For growing concern and flavor nationalism in society. Target strategic in activity: this is child teenager as well as child-cchild age early, which is in the village of Cape Siran Subdistrict Ulu Barumun Regency Padang Old as target direct. Activity devotion to the public with the theme "Introduction Script AUD and Strengthen Flavor Nationalism Public" will be held on May 18, 2023, from 10 a.m. to the finished activity, followed by people (Attendance list attached). kindly general activity devotion to the public This Also held with the use of the method of watching together.

Keywords: AUD, Introduction, Nationalism, Strengthening.

INTRODUCTION

this time Spirit nationalism We Again tested. There is an impression that child young We own Spirit faded nationalism. In the past youth willingly sacrifice everything for interest Indonesian nation and state. They willing dead only for maintain an inch NKRI land. at this time most children struggling with interest himself alone . Not much caring children with problem Pancasila ideology. Even There is many people are ignorant with radicalism and terrorism against the state.

The low nationalism in generations young Can just happen Because various factor. They No Again live and experience suffering consequence colonialism and poverty. They No Again experience treatment discrimination from nation other. Apart from that, the Globalization Trend is making the world a big village can just grow attitude indifference to nationalism as Indonesian nation. The amount case corruption and examples that are not Good from leader naturally also affects attitudes nationalism among young us. Neither do the children in Tanjung Siraisan village escape from attitude indifference to problem statehood. They are also infected by various influence inclined to globalization see the world more important from his people alone . Even behavior government local also makes they are ignorant with development region and nation . theymore behave egocentric in behavior and life everyday. With thereby PKM activities themed " Strengthening Community Nationalism ". relevant.

Formula Problem

At a minimum awareness public will importance concern to Nationalism . Prevention to low sense of nationalism community in Tanjung Siraisan Village Ulu District Barumun . There is a request to the village head of Tano Bato for carry out PKM activities (Devotion To the Community) with objective for strengthen the sense of nationalism community of Tanjung Siraisan Village Ulu Barumun district.

Benefits of Devotion To the Community (PKM)

Expected public can apply and show attitude of a sense of nationalism in Tanjung Siraisan Village.
